Welcome to our 2026 edition of our product Catalog!

Dear Friends,

   It is with great pride and gratitude that I welcome you to the 2026 edition of the Blackburn Catalog. For over 73 years, Blackburn has been guided by a commitment to quality, integrity, and service — values passed down through three generations of leadership. As I step into this role as the third-generation CEO and President, I am both honored to continue this legacy and energized by the opportunities ahead.

   This year's catalog reflects not only our enduring traditions but also our vision for the future. Sustainability remains at the heart of everything we do — from responsibly sourced materials to thoughtful innovations designed to serve both people and the planet. Growth, for us, is not just about expanding our reach, but about strengthening the communities we serve and deepening the relationships we share with you, our valued customers and partners.

   In 2025 we lost our great leader and CEO Jim Blackburn on May 31, 2025.   While the loss is still fresh for many of us, we are determined to carry on his legacy and love. 2025 also proved to be challenging as we switched to a new ERP system. While the conversion was a little bumpy and we are still working out all the kinks for smooth sailing ahead, I feel it will be a great improvement in communication between departments, and the ability to follow a product order from beginning to end. We are looking forward to seeing how it will improve our services, and in turn improve our customer experience!

   We believe that every page in this catalog tells a story of craftsmanship, care, and connection. Together, we are building more than products — we are building trust, partnerships, and a shared future rooted in responsibility and respect.

   Thank you for being a part of the Blackburn story. Your continued support inspires us to grow while staying true to our heritage. I look forward to what we will accomplish together in the year ahead.
